PATIENT DEMOGRAPHICS QUESTIONNAIRE

We are asking for your race and ethnicity because some people have higher risk of developing certain diseases, such as high blood pressure, diabetes, and heart disease. It is also important that we know your preferred spoken language so that you and your health care team can communicate clearly. We will keep this information confidential (private) and will update it in your medical record. This information will assist us in continuing to provide you with the best health care. Thank You!

Please provide the information below. We greatly appreciate your participation!

1. Race. Please mark what best describes you.

(If more than one, please rank your selection by marking your primary race with a number 1, your secondary race with a number 2 and so on.)

5. **Interpreter Services:** Would language interpreter services be helpful to you during your medical visit?

☐ Yes ☐ No ☐ I Prefer Not To Answer

The Importance Of Collecting Patient Data

1. **Why are we collecting this information?**

- To improve clinical quality of care and provide the best care for all patients.
- To better understand and address health differences among many communities.
- To-date, we have used this information to help identify new health risks or predispositions among certain patient populations.

2. **Where do these questions come from?**

- The questions we are asking come directly from the U.S. Census 2000*
- This allows us to compare our information to national healthcare studies.

3. **What happens to the information from the survey?**

- Your response will become part of your electronic medical record and your doctor will have access to this information.
- This will help your doctor better evaluate your individual health risks.

4. **Is this Legal?**

- The state of California requires that we collect patient's race, ethnicity and language for their health records**.
- The office of Statewide Healthcare Planning and Development (OSHDP) requires all healthcare agencies to collect patient race/ethnicity/language as of 1/1/09***.

5. **What else will my response be used for?**

- To measure and anticipate interpreter service needs.
- To better develop patient communication materials.
- To develop and implement cultural competence staff training.
